EDUCATION

B.Tech in Computer Science and Engineering

Kalinga Institute of Industrial Technology

Expected 2027

CGPA: 9.00/10.0

Higher Secondary Education

Jusco School South Park

2019 - 2023

Percentage: 88.4%

SKILLS

Languages C/C++, JavaScript/TypeScript, Python, Java, GoLang, SQL

Frontend React.js, Next.js, TailwindCSS, Material-UI, ShadCN, Bootstrap, Aceternity

Backend Node.js, Express.js, SpringBoot, MongoDB, MySQL, PostgreSQL, RESTful APIs, GraphQL

Other Git Technical Leadership, Problem Solving, Team Collaboration

EXPERIENCE

Software Developer Intern

Ayuryuj

Mar 2025 - Present

New Delhi, India

- Developing responsive frontend with Next.js and Firebase for healthcare application
- Learning GoLang to contribute to backend services and API functionalities
- Collaborating on seamless frontend-backend integration in an agile team environment

Junior Full Stack Developer Intern

Krishh labs

Jan 2025 - May 2025

Bangalore, India

- Building scalable web applications using React, Node.js, and MongoDB stack
- Designed RESTful APIs improving client-server communication efficiency by 25%
- Enhanced application performance through code optimization and database indexing
- Implemented real-time user feedback module, improving customer satisfaction rates

Frontend Developer Intern

BrandNav

Jan 2025 - Feb 2025

Pune, India

- Developed responsive UI components using React.js and Next.js for media platform
- Built interactive video player with custom controls and analytics integration

PROJECTS

AI Integrated Chat-bot

[Live Demo](#)

- Developed AI-driven chat application using Next.js, TypeScript, and Clerk authentication
- Implemented real-time synchronization with sub-second response time optimization

Sooth Mind

[Live Demo](#)

- Built a full-stack Mental Well-being Platform leveraging Next.js, MongoDB, and Hugging Face API to analyze journal entries and deliver personalized mental health insights.
- Engineered secure, privacy-first authentication with NextAuth and integrated dynamic mood trend visualizations using Recharts, enhancing user engagement and trust.

Connect-Ups

[Live Demo](#)

- Created startup showcase platform using Next.js, TypeScript, and Sanity CMS
- Improved user engagement by 40% through intuitive UI/UX design and responsive layout

LEADERSHIP & ACTIVITIES

- **Web Developer at IT & Web Society (Konnexions):** Mentored junior developers and optimized website performance
- **Web Developer at Cyber Society (CyberVault):** Led UI development team, achieving 40% faster load times
- **Head Boy** at Jusco School (2022-23) and **Cricket Team Captain** (2021-23), demonstrating leadership skills
